

Aquatic Designer

Aquatic Development Group (ADG) is a recognized National and International, Award Winning Leader in the Planning, Design, and Construction of aquatic based Family Entertainment, Leisure, and Recreational Facilities. As an industry leader for 40 years, ADG has focused on innovative design resulting in numerous successful recreational facilities in locations including Australia, China, and Japan, as well as locations throughout the United States and Canada for clients like Sea World, Disney, Six Flags, Wet 'n Wild and Paramount, to name a few.

Current workload calls for the immediate addition of talented, experienced, and imaginative individuals to complement and expand our office. Individuals would be involved in the design and construction of complex recreational/resort facilities throughout the country.

Candidates should have a degree in mechanical, civil or wastewater engineering and exhibit strong organizational skills. Experience with sizing pumping/piping systems, concrete detailing and regulatory requirements are recommended. A minimum of 2-3 years experience in AutoCAD drafting is required. Specialized aquatic design training will be provided during the course of employment .

ADG offers competitive benefits and is dedicated to the spirit of teamwork and the intellectual growth of its staff. ADG is located in the Albany Capital District/Hudson River Valley region of New York State, the gateway to the Adirondacks and less than 3 hours from New York City, Boston and Montreal. For more about ADG visit our website www.aquaticgroup.com.
