

Architectural Intern / Designer

Aquatic Development Group (ADG) is a recognized National and International, Award Winning Leader in the Planning, Design, and Construction of aquatic based Family Entertainment, Leisure, and Recreational Facilities. As an industry leader for 40 years, ADG has focused on innovative design resulting in numerous successful recreational facilities in locations including Australia, China, and Japan, as well as locations throughout the United States and Canada for clients like Sea World, Disney, Six Flags, Wet 'n Wild and Paramount, to name a few.

Current workload calls for the immediate addition of talented, experienced, and imaginative individuals to complement and expand our office. Individuals would be involved in the design and construction of complex recreational facilities throughout the country.

Architectural Designers should have a minimum of a two year degree in Architectural Technology with a minimum of 2-3 years of professional Architectural experience. Architectural interns require a Bachelor of Architectural with a minimum of 3-5 years professional Architectural experience. Candidates must exhibit excellent construction documentation skills with strong knowledge of building systems, building codes and regulatory requirements. Proficiency in AutoCAD is required.

ADG offers competitive benefits and is dedicated to the spirit of teamwork and the intellectual growth of its staff. ADG is located in the Albany Capital District/Hudson River Valley region of New York State, the gateway to the Adirondacks and less than 3 hours from New York City, Boston and Montreal.
