

AQUATIC  
DEVELOPMENT  
GROUP, INC.

## Mechanical Engineer

Aquatic Development Group (ADG) is a recognized National and International, Award Winning Leader in the design and manufacture of leisure and commercial aquatic equipment. Products include wave generation equipment, moveable pool floors, and sheet flow surfing systems. As an industry leader, ADG has focused on innovative design and engineering in both manufacturing and waterpark construction.

We have an immediate need for an accomplished, resourceful Mechanical Engineer to join our engineering group. Applicants should have a 4-year degree in Mechanical Engineering with at least 5-years experience in a manufacturing environment. The successful candidate will contribute to the design, fabrication, implementation, analysis, and troubleshooting of product line. Excellent organizational and communication skills, ability to manage multiple projects and/or activities, attention to detail, and ability to work effectively with all levels of staff and clients essential. Auto CAD and/or Solid Works experience highly desirable

ADG offers competitive benefits and is dedicated to the spirit of teamwork and the intellectual growth of its staff. EOE For additional information, visit our website at: [www.aquaticgroup.com](http://www.aquaticgroup.com)
