

Position: Aquatic Entertainment Landscape Architect
Department: Architect & Planning
Reports to: Manager of Architecture and Planning
Salary: \$60-75K

About the Company

ADG is one of the world's most respected water park and aquatic venue design, construction, and manufacturing firms in the industry offering a comprehensive range of products and services that continue to set the standard throughout our industry. Our commitment to innovation, creativity, and high-quality work is reflected in everything we do, whether that's manufacturing a single component for a wave system or building a complete 20-acre waterpark.

As part of our team, you will have the opportunity to be a part of some of the most dynamic and creative projects taking place in the industry today. While ADG's headquarters is located in Upstate New York, our projects span the globe. And our client list features the best of the best, including Sea World, Six Flags, Wet n' Wild, Dollywood, Marriott, Hyatt, Gaylord Resorts, Hollywood movie productions, and much, much, more.

ADG is a high energy work environment with fast paced deadlines. You are right for our team if you are a proactive problem solver with attention to detail, able to maneuver multiple projects at once and can easily handle multiple and often shifting priorities and get great satisfaction on a job well done!

About the Role

The Landscape Architect/Planner will report to the Manager of Architecture and Planning. This position will play a key role in the design and architectural development of themed indoor and outdoor waterparks, immersive creative attractions, and resort and amusement environments. The Landscape Architecture Designer will be an integral part of a high-energy work environment with fast-paced deadlines.

Key Responsibilities

- Create waterpark and resort master plans at scale showing the relationship between the major park attractions, support facilities, retail components, parking and landscaping.
- Conceive and develop indoor and outdoor park features and imagery according to a theming concept.

- Express ideas quickly and powerfully using hand and computer drawings, sketches, and graphics.
- Create presentation booklets to support project features including plans, studies, diagrams, and imagery.
- Develop both AutoCAD and hand-rendered plans, perspectives, site sections, elevations, and details for waterpark and water amenities.
- Coordinate design needs with outside consultants and project team members through all project phases.

Qualifications

- Bachelor's in Architecture
- Minimum 3+ years experience in architectural or landscape architectural design.
- Must have experience in AutoCAD drafting.
- Must have solid understanding of site grading.
- 3D modeling including Revit, SketchUp, Solidworks or Civil 3D a plus.
- Knowledge of piping and pumping systems with utility coordination a plus.
- Ability to hand sketch and render colored plans, elevations/perspectives, and vignettes. 3D rendering software knowledge a plus.
- Must be a self-directed, independent worker with the flexibility to work as a team member across all departments as well as with outside project teams.
- Flexibility to work as a team member with our architects, engineers, marketing, and construction managers.

Why ADG?

Our team members are hardworking, dedicated and highly respected within the industries that we serve. Our reputation has been built on delivering creative and innovative solutions with a "whatever it takes" approach to client satisfaction. The foundation of our success has been built upon the talents and integrity of our employees, and we value the contributions of every team member.

As you help build ADG's success, we are committed to helping you build a prosperous and successful future. We offer challenging career opportunities, competitive salaries, and a comprehensive suite of benefits to promote the health and financial security for you and your family.

Every ADG employee is empowered to act in ways that make each day better, whether that's lending a hand to a colleague or bringing forward a new client solution or process improvement. Individually and collectively, our work achieves results that make a difference — for our clients, our client's customers, and ourselves.

Benefits

- Generous Paid Time Off
- Company Paid Holidays
- Comprehensive health care insurance plan that covers medical, dental, prescription, and vision.
- Competitive 401(k) program with employer matching contribution.
- A positive work environment
- And much, much more
