- Conceive and develop indoor and outdoor park features and imagery according to a theming concept

- Express ideas quickly and powerfully using hand and computer drawings, sketches, and graphics
- Create presentation booklets to support project features including plans, studies, diagrams, and imagery
- Develop both computer and hand-rendered plans, perspectives, site sections, elevations, and details for waterpark and water amenities
- Experience with light construction a plus

Qualified candidates should offer the following experiences and skills

- Minimum 3 years' experience in architectural or landscape architecture office
- Bachelor or Masters Degree in Architecture, Landscape Architecture, Planning, or similar a plus
- Applicant must be a self-starter
- Able to meet tight deadlines
- Ability to hand sketch and render colored plans, elevations/perspectives, vignettes a plus
- Solid knowledge of site grading a plus
- Knowledge of graphic software such as AutoCAD, SketchUp, Adobe Suite (InDesign, Photoshop, and Illustrator) and Microsoft Office

Why ADG?

Our team members are hardworking, dedicated and highly respected within the industries that we serve. Our reputation has been built on delivering creative and innovative solutions with a “whatever it takes” approach to client satisfaction. The foundation of our success has been built upon the talents and integrity of our employees, and we value the contributions of every team member.

As you help build ADG's success, we are committed to helping you build a prosperous and successful future. We offer challenging career opportunities, competitive salaries, and a comprehensive suite of benefits to promote the health and financial security for you and your family.

Every ADG employee is empowered to act in ways that make each day better, whether that's lending a hand to a colleague or bringing forward a new client solution or process improvement. Individually and collectively, our work achieves results that make a difference — for our clients, our client's customers, and ourselves.
