BREAKER BEACH®

BOOGIE BOARDING WAVE POOL WITH HIGH CAPACITY THROUGHPUT

With the capability to dispatch two riders every 10 seconds, guests spend their time on the ride and in the water. And with a skill based component, no two rides are ever the same! Guests will want to experience the attraction again and again as they work to master the perfect ride.

Features

- 3' spilling breaker waves for an authentic ocean experience
- Innovative launch peninsula with optimal wave crest entry
- Dispatch two riders at a time, every 10 seconds
- Option to run as standard wavepool when desired

Benefits

- Greatly appeals to teen market, as well as the entire family
- Increased throughput for shorter wait time
- Skill-based ride with repetitive trials increases time spent on property
- Include decking for lounge, F&B and retail to enhance ROI
