

SIX FLAGS OVER GEORGIA Atlanta, GA

CHALLENGE

Design and build the largest expansion in Six Flag Over Georgia's 47-year history – on budget and within a 6 month time frame, while incorporating revenue generating amenities, enhancing the customer experience through park layout and design and provide one-of-a-kind thrill rides.

SOLUTION

An expansive Caribbean themed getaway, Six Flags Over Georgia's newest Hurricane Harbor is an enticing combination of thrill rides and relaxing family fun. A beach paradise with lush surroundings, the park's staple attraction, the impressive Calypso Bay, features a 38,000 sf custom pool outfitted with ADG's exclusive Wave Generation system, delivering 4ft waves breaking in eight different patterns.

ADG incorporated the world's first hybrid zero-gravity slide into the design, along with a multi-slide complex and Paradise Island, an interactive water playground. Hundreds of lounge chairs and luxury cabanas situated near beach-themed eateries and retail outlets provide easily accessible sources of revenue generating activities for the park.

RESULT

ADG built the park on-time and on-budget despite a record-breaking cold and snowy southeast winter. Since its' opening in 2014, the water park has skyrocketed to fame as one of the new "must-visit" attractions in the Southeast, featured on MSNBC, The Travel Channel's Xtreme Waterparks, and The Weather Channel.

"Our entirely new water park further supports our goal of delivering a world-class destination for all ages. This multi-million dollar investment is a 'must-do' experience for anyone living in or visiting Metro Atlanta and our plan is to expand Hurricane Harbor in the coming years..."

-Dale Kaetzel, Six Flags Over Georgia Park President
