

Aquatic Development Group (ADG) is a recognized leader in the planning, design, and construction of indoor and outdoor waterparks and aquatic features as well as the manufacture of specialty leisure and entertainment equipment. For more than 50 years, ADG has focused on innovative product systems and designs to create facilities for clients such as Sea World, Disney, Six Flags, Wet 'n Wild, Paramount, and countless other clients worldwide.

We are currently seeking a skilled Electrical Designer to join our team. This is a full-time, permanent position with an established Albany, NY area company.

This position requires frequent day trips and/or overnight travel

Successful candidates must have a Bachelor's Degree or equal experience along with the following qualifications:

Skills:

- Electrical Controls
- Experience with wiring, schematics, PLC's
- Supervise assembly and testing
- Diagrams, calculations, and layout
- Responsible for designing schematics, bills of material, and control panel layouts.
- Expand on engineer's sketches and produce the required drawings (CAD).
- In-depth understanding to read and approve specification sheets, vendor drawings, design calculations & literature.
- Must be able to work with minimum supervision.
- Must be familiar with the applicable sections of National Electrical Code and UL specifications.
- Ability to understand and compose PLC programs.
- Travel for onsite programming, troubleshooting, and equipment start-up required.

ADG offers a competitive benefit package including medical and dental insurance and a 401K. Salary commensurate with experience.

ADG is an equal opportunity and affirmative action employer and is committed to providing employment opportunities to minorities, females, veterans, and disabled individuals as well as other protected groups.

Please send all resumes and salary qualifications to jobs@aquaticgroup.com, and reference JOB: ED052019.
