

ENGINEERING TECHNICIAN

Aquatic Development Group (ADG) is a recognized leader in the planning, design, and construction of indoor and outdoor waterparks and aquatic features as well as the manufacture of specialty leisure and entertainment equipment. While ADG's headquarters are located in Upstate New York, our projects span the globe. Our client list includes Sea World, Disney, Six Flags, Wet n' Wild, Dollywood, Marriott, Hyatt, Gaylord Resorts, Camelback Resort, Kalahari Resorts, Hollywood movie productions and more.

We are currently seeking a skilled Engineering Technician with CAD drafting experience to join our team. This individual must be able to perform project tasks independently with minimal supervision as well as work closely with our management team and fabrication personnel to complete projects. Position is full-time, permanent with an established Albany, NY area company.

Successful candidates, at minimum, must have an Associate's Degree or equal experience along with the following qualifications:

- Draft structural and mechanical fabrication drawings using AutoCAD and SOLIDWORKS
- Perform material take-offs to develop bill of materials
- Work closely with manufacturing personnel to solve challenging problems
- In-depth understanding to read and approve specification sheets, vendor drawings, design calculations and literature
- Ability to read and interpret architectural and mechanical drawings

ADG offers a competitive benefit package including 401k, medical and dental insurance. Salary commensurate with experience. To apply, please forward resume to: jobs@aquaticgroup.com. and reference "Job ET1121".
